

## APPLICATION FOR SCHOLARSHIP CONSIDERATION

The Arkansas Craft School strives to make its courses and programs available to all who are interested in improving their craft. For that reason, the School will award tuition scholarships for specific courses as funding is available. Most awards will be one half the tuition cost. When the need indicates, larger amounts may be awarded. Only one tuition scholarship per person will be awarded per year.

The application for scholarship funds must be accompanied by a completed registration for the course for which the scholarship is requested. No scholarship request will be considered without the course registration. Payment of tuition may be delayed until the determination of the scholarship request.
